Part number	TA74
Name	Large Universal Flex Current Probe Accessory
Description	18" (45 cm) 3000 A AC flexible current probe with universal mV output and worklights

The FLIR Universal Flex Current Probe accessories are designed to add capabilities, simplify challenges, and get the best readings with your existing meter. Made with a narrow flexible coil clamp and locking mechanism, the FLIR TA72 and TA74 let you easily take measurements in tight or awkward spots—a difficult task with a traditional hard jaw clamp meter. The connection is a standard banana plug and the output is a voltage signal, so it's compatible with most DMMs and clamp meters, regardless of brand.

Take accurate measurements in tight or awkward spots—tricky conductors conquered:

- Snake the coil around obstacles with ease, even in deep, crowded cabinets.
- Measure multiple conductors and targets with limited clearance.
- Switchable AC current range: 30 A, 300 A, and 3000 A.

Empower your meter—compatible with most DMMs and clamp meters, regardless of brand:

- Adds 3000 A AC measurements to existing meters.
- Standard banana plug connectors fit most meters.
- AC voltage output for wide compatibility.

Easy inspection and navigation—designed with your convenience in mind:

- Bright, dual-LED worklights provide built-in illumination for dark cabinets.
- Rugged design drop-tested to 3 m, portable, and lightweight.

Minimum requirements for meter compatibility with TA7x	AC voltage function, 4000-count display, 1 mV resolution
Suitable main units	DM93, DM92

Measurement	
Maximum AC	3000 A AC
AC ranges and resolution	30.00 A, 300.0 A, 3000 A
Basic AC accuracy (full scale)	±3.0% + 5 digits
Measurement rate	1.5 samples per second, nominal
AC bandwidth	45–500 Hz (sine wave)
Detailed accuracy	30.00 A ± (3.0% + 5 digits), 300.0 A ± (3.0% + 5 digits), 3000 A ± (3.0% + 5 digits)
Positional error (distance from optimum)	35 mm (1.4") ± 1.0%, 50 mm (2.0") ± 1.5%, 60 mm (2.4") ± 2.0%
